Remote. Control.

The Power to Control Your Business. Wherever You Are.

• Simple – friendly, icon-driven software is easy to learn and follow
• Remote – transmits real-time job activity you can view on your smart phone, tablet or computer
• Powerful – tracks critical job data that can help reduce costs and avoid problems
• Proactive – logs spray data per job, providing proof of installation parameters
Control the direction of your business with Graco InSite.

The kind of information Graco InSite logs for you is data that can save you money, help you bid jobs more accurately and troubleshoot problems more quickly, saving lost overhead and revenue. Most importantly, Graco InSite offers peace of mind that your jobs are running smoothly, your workers are productive, and you can leave the jobsite to pursue other important business matters.

Better fleet and crew management

• Know when your Reactors are off, idling or spraying
• Avoid the errors made and time wasted by manual logging
• Follow your Reactors with GPS tracking
• Recognize unauthorized or after-hours use of Reactors or materials
• Receive a daily email summarizing the previous day’s performance totals

Ambient Temperature Probe
• Early warning system to alert you if chemicals are getting too cold
  • Available on Reactor 2 Elite models only

GPS Locator for Fleet
• See the actual GPS location of all spray rigs

GPS Locator
• See the actual GPS location of each spray rig

Job Log, Data Usage Log, Event Log
• Use icons to access and download detailed reports
  • Event log available on Reactor 2 models only

Temperature and Pressure Set-points
• Rest assured that conditions are fine

Volume and Hours of Use
• See how much chemical each crew has sprayed and how long it took

Status Lights
• Red, yellow and green say at a glance if machines are off, idling or spraying

Inlet Temperature
• Records temperature and pressures of A and B materials for early troubleshooting diagnosis
  • Available on Reactor 2 Elite models only

Better cost containment and forecasting

- Know when equipment is ready for maintenance by using lifetime cycle logs
- Save lost revenue and downtime by having real-time, factual information at your fingertips

Better customer service

- Help troubleshoot issues remotely and get machines up and running faster
- Provide more accurate job estimates, basing it on actual data from prior jobs

Better protection for your future

- Have documented data showing spray parameters for every job
- Offer a final job report to customers as an additional service
- Recognize when it’s time to hire additional crews and expand your fleet
- Schedule appointments with potential customers knowing that you can still check on your jobsites wherever you go

Graco InSite works by transmitting your data using the local cellular network, where it is stored in the cloud. You can then view the data on your smart phone, tablet or computer via the internet.

Graco InSite is a subscription-based service; your subscription can be paid monthly or annually.
